Jazz and Blues: Crossroads and Evolution is meant to address the American musical traditions from a couple of different perspectives. It examines culture--how jazz and blues mirrored the changes and movements of the American people throughout the 20th century. And it takes the purely musical view—valuing the great performers and performances, tracing the development of style

Experiencing Jazz, Second Edition, is an integrated textbook with online resources for jazz appreciation and history courses. Through readings, illustrations, timelines, listening guides, and a streaming audio library, it immerses the reader in a journey through the history of jazz, while placing the music within a larger cultural and historical context.

### **The New Grove Dictionary of Jazz | Oxford Music**

Gioia reprises The History of Jazz as a second edition, expanding dramatically the back end of the text to include a discussion of jazz in the 21st century. On his way to this coda, Gioia flings wide his research net, capturing and incorporating a myriad of social, political and artistic observations into his narrative, deepening both his explanation of and broadening the significance of jazz in the overall structure of American, and world, art.
