This watercolour technique is a great way to show form and indicate a light source or edge. Apply a stroke using very little water and more pigment. Before the stroke is dry, take a moderately wet brush and pull the colour out from the darker stroke. You can pull the colour quite far depending on how dry that initial stroke is.

40+ Free Watercolor Painting Video Tutorials For Beginners

The wet-on-wet approach showcases the best quality of watercolor paint—its ability to create beautiful ethereal washes. To produce this technique, simply wet part of the paper with your brush. (You can use either water or a little pigment.) Then, dip your brush into another color and lightly dot it on the wet area and watch as the pigment feathers.
